### **SPECIAL EXCEPTIONS**

All zoning ordinances contain provisions for uses which are permitted by right. These are the basic uses which are permitted in the various zoning districts. For example, if a zoning ordinance contains both commercial and industrial zones, a person desiring to locate a shoe store in the commercial district is permitted to do so by right; also, a fabricating plant is free to locate in an industrial zone by right. In both cases, since the zone for these specific uses is established in the zoning ordinance, they are uses permitted by right.

What is a Special Exception?

A special exception is a permission or approval granted an applicant to use land in a district for a purpose other than that generally permitted outright in that district. The permission or special exception is granted by the Zoning Hearing Board in accordance with the standards contained in the zoning ordinance, provided generally that the specific application of the use would not prove injurious to the public interest.

It is important to realize that the term "special exception" is a misnomer. It is neither special nor is it an exception. It is not a deviation from the zoning ordinance. An applicant for a special exception is following the zoning ordinance. The application is one envisioned by the ordinance, and, if the standards established by the ordinance are met, the use is one permitted by the ordinance.

**PLEASE REMEMBER THAT ACCORDING TO SECTION 27-45 (d) OF THE WHITEHALL TOWNSHIP ZONING ORDINANCE, ALL SPECIAL EXECPTIONS MUST FIRST BE REVIEWED BY THE WHITEHALL TOWNSHIP PLANNING COMMISSION. AFTER THIS REVIEW, THE ZONING HEARING BOARD, BASED UPON THE RECOMMENDATION RECEIVED BY THE PLANNING COMMISSION AND TESTIMONY PRESENTED AT THE HEARING BY THE APPLICANT, MAKES A DECISION ON THE SPECIAL EXCEPTION REQUEST.**

Pursuant to Section 27-45 of the zoning hearing ordinance, the application for a special exception shall be submitted on the form provided by the Zoning Officer. No application shall be accepted unless and until all requested data, information and required number of complete plans are submitted and all fees are paid in full.

All requests for special exceptions shall be made in writing by the legal or equitable owner of the subject property or their authorized agents.

**Applications for a special exception shall contain the following:**

1. Accurately scaled site plans sealed by a registered professional engineer or land surveyor, showing:
  - a. the location, size and topography of the tract;
  - b. existing and proposed buildings, parking areas, accesses and improvements;
  - c. location, size and use of open space; and
  - d. existing and proposed easements.
2. A description of any public services and facilities which would be required to be provided in connection with the special exception.
3. A description of size and use of all existing and proposed buildings or structures as well as any other site data for which compliance with this section and other zoning regulations are required.
4. A description of covenants, grants of easements or other restrictions proposed to be imposed upon the use of the land, buildings and structures, including proposed easements or grants from or for public utilities.
5. In the case of development plans which call for development over a period of years, the owners or equitable owners shall designate geographic sections for development under the plan and file a schedule showing the proposed areas within which applications for final approval of all sections of the development are intended to be filed. This schedule must be updated annually, on the anniversary of its approval, until the development is completed and accepted.
6. A description of any and all waivers, variances or interpretations requested or necessary to complete the project as proposed.
7. Any additional information required by the Planning Commission, Zoning Hearing Board, Township Engineer or Commissioners.

The following three (3) pages are to be filled out and turned in with twenty (20) copies of your plans (must be folded) for the Planning Commission meeting.
